

MAST

MARINE and SAFETY TASMANIA
making boating better

In-school Boat and Paddle Safety Program

The Program

- Free in-school visits by MAST Boating Education Officers
- Available to all schools and suitable for Grades 3-12
- Statewide. Australian Curriculum Aligned

Our Mission

- To improve boating and paddling safety for Tasmanian school students for life
- To promote boating, stand-up paddle boarding and kayaking as healthy and safe recreational activities

Subjects Covered

- Classroom lessons encompassing trip planning, cold water immersion, general boat/paddle safety tips and inflatable life jacket maintenance
- Practical presentation of safety equipment such as life jackets, EPIRBs, EVDS and flares
- Dinghies available statewide for swimming and water safety programs for students to experience overloading and capsizing

If you would like to discuss your school's needs to book in a boat/paddle safe session - contact Andrew.
